City, State, Zip	

Multiple Service allows you to combine your previous PSERS service with your SERS service for a combined pension.

In order to elect multiple service, **SERS must receive this election form within 365 days of your effective date of membership** with SERS. If you do not make a timely election, you will NOT have another opportunity to become a multiple service member unless you terminate your employment and later become an active, contributing member with either SERS or PSERS.

As a multiple service member, you will receive credit for both your SERS and PSERS service at retirement, **no more than one year of service credit in any calendar year.**

If you are receiving a monthly pension from this system or from PSERS as a "multiple service annuitant," **your monthly pension payments will stop.** You will be required to repay any pension payments you received after your return to service, plus statutory interest on those payments.

- I wish to elect multiple service.** I understand that if I withdrew my contributions from PSERS or I never paid into PSERS for my prior public school service, PSERS will send me an invoice to purchase that prior service, if eligible. I also understand that **I have 90 days from the date of that invoice to select a payment method for that prior service** in order to become a multiple service member.
- I do NOT wish to elect multiple service.** I understand that I will not have another opportunity to elect multiple service unless I terminate employment and later become an active contributing member in either SERS or PSERS.
- I currently am a multiple service retiree (receiving a combined benefit from SERS and PSERS).** I understand that **my pension payments will stop** and I am required to repay the pension payments made to me since my return as an active contributing member of SERS (plus statutory interest).
- I currently am a PSERS retiree wishing to elect multiple service.** I have contacted a retirement counselor and I understand that **my pension payments will stop** and I am required to repay the pension payments made to me since my return as an active contributing member of SERS (plus statutory interest).
- I currently am a PSERS retiree and I do NOT wish to elect multiple service.** I understand that I will continue to receive my pension from PSERS.
